

DXing Tools & Techniques

A good ear— most important

- DX spotting Web sites—
 - www.DX-central.com
 - www.DXsummmmit.fi
 - www.eham.com/dx/

- List of Contests (lots of DX on the air)--
<http://hornucopia.com/contestcal/index.html>

- List of upcoming DXpeditions—
<http://www.ng3k.com/Misc/adxo.html>

- Real-time QSO Maps– DX Sherlock— 10 meters, 6 meters
<http://www.vhfdx.info/index.html>

- Propagation prediction software- ACE HF
- Understand different propagation modes for different bands— “grey line”, “long path”, “Aurora”, “meteor”,
- Listen, listen, listen- look for weak signals
